SOURCE 139

Actual birth certificates for Maldegem, handwritten, small and in Latin. These were the church records. In chronological order, with one or two months on each page. Almost illegable, definitely need to get used to text, and have the Tafels (indexes) to go by (know person and date you are looking for).

Sample text and meaning of birth records:

“Juni 1760

5 Bapta est northi(?) Bertina filia legma cosmi Damiana Standaert, bap in hoc Ecc ot 26 anie et joanna van Rie, bap in hoc Ecc, ot 21 anie, nata est hodie/pridie/nudiest/eod(iem) medio hord 2 nact. Susc. jacobus van Rie et anna Maria Standaert.”

Means:

5th Jun 1760: Baptized is Norbertina (from tafels), legitimate daughter of Cosmi Damiana Standaert, baptized in this church, 26 years old and Joanna van Rie, baptized in this church, 21 years old, born this day(hodie, or eodiem; or pridie=yesterday, or actual date or nudiest tertius=3 days ago etc), 2 PM (middle of hour 2 night.. also listings of medio hord 6 mat or middle of hour 6 morning (matins) or 6AM?), Susc. (= susceperunt = held for baptism = Godparents): Jacobus van Rie and Anna Maria Standaert.

>>>What you have there is not French but Latin. CONJUGUM=spouses=lawfully married. SUSCEPERUNT=literally means "holder" as in holder of the baptism.

Susceperunt precedes the name(s) of the baptismal sponsors.<<<<<

>>>Conjugum = of/ from the married couple

Susceptor = godparent

susceptores = godparents

susceptorix = godparent(female)
